

Payment Processing Inc. Recognized for Fast Growth in Regional Silicon Valley Ranking

November 2, 2010 – Newark CA -- Payment Processing Inc. (PPI), the industry leader for integrated payment processing, announced that it has been named to the Silicon Valley/San Jose Business Journal's 60 fastest growing private companies list. Fueled by 38% growth, Payment Processing, Inc. ranked 48th on the regional list based on 2009 revenue.

“We’re pleased to be among a group of companies, all in a highly competitive region, that have achieved significant growth during such challenging times,” noted Eddie Myers, President of PPI. “This accomplishment reflects our commitment to supporting technical solutions for software developers – and reseller partners – who understand the significant growth opportunities that our software-enabled payment program delivers.”

The ranking is based on percentage of revenue growth from 2007 through 2009. To view the complete list, visit <http://www.bizjournals.com/sanjose/stories/2010/10/11/daily82.html>.

About Payment Processing, Inc.

Since 1995, PPI has been partnering with software developers and their customers, delivering nothing less than robust, stable, fully supported and profitable integrated payment solutions. We provide developers with a full range of in-house services for building and promoting integrated payment solutions, including PPI-developed hosted payment services, integration support, customer support, marketing assistance and PA DSS/PCI-DSS security services. It’s why more than 1,400 partners and 43,000 businesses have selected Payment Processing, Inc. as their dedicated payment professionals. Learn more at www.paypros.com.
