

Regional Silicon Valley Ranking Recognizes Payment Processing, Inc. for Swift Growth for Second Consecutive Year

*Focus on payments innovation and product differentiation results in placement
on prominent Fast Private 2011 listing*

October 19, 2011 – Newark CA – Payment Processing, Inc. (PPI), the industry leader for integrated payment processing, announced that it has been named to the Silicon Valley/San Jose Business Journal's Fast Private Listing for the second consecutive year. Fueled by 31% growth, PPI ranked 47th on the regional list based on 2010 revenue.

“PPI has worked hard over the last year to develop and deploy payment technologies that lead to true competitive differentiation for software developers,” noted Eddie Myers, PPI President. “It’s rewarding to know that our dedication to that innovation and to our partners has an effect—namely, sustainable growth that’s reflected in the Fast Private listing.”

The ranking is based on percentage of revenue growth from 2008 through 2010. To view the complete list, visit www.bizjournals.com/sanjose/news/2011/10/13/fastest-growing-silicon-valley-private.html.

About Payment Processing, Inc.

Since 1995, PPI has been partnering with software developers and their customers, delivering nothing less than robust, stable, fully supported and profitable integrated payment solutions. We provide developers with a full range of in-house services for building and promoting integrated payment solutions, including PPI-developed hosted payment services, integration support, customer support, marketing assistance and PA DSS/PCI-DSS security services. It’s why more than 1,600 partners and 52,000 businesses have selected PPI as their dedicated payment professionals. Learn more at www.paypros.com.
