

FOR IMMEDIATE RELEASE

RPOWER Chooses Integrated Payment Solution from Payment Processing, Inc.

Partnership enables application developer to offer restaurant customers a comprehensive payment solution with integration to PPI PayMover platform

Newark, CA, February 26, 2008 - Payment Processing, Inc. (PPI), the industry leader for integrated payment solutions, today announced a partnership with RPOWER, a premier provider of restaurant management software. PPI's solution is integrated with RPOWER Restaurant POS software and enables restaurants to process credit and debit card payments quickly and cost effectively.

“RPOWER has always been about delivering a fully-featured cost-effective point-of-sale solution to its customer,” states Jim Baldrige, president of RPOWER. “The choice to partner with PPI allows us to deliver RPOWER systems at a lower cost, while providing our resellers and their customers with a superior, comprehensive payment solution.”

PPI's comprehensive solution gives a 360 degree view of the entire payment transaction by including all of the critical products and services that define a successful integrated payment solution:

- Feature-rich, fast and dependable PPI PayMover gateway with transaction processing that is seamless, secure, and reliable
- Free, unlimited 24/7/365 technical and administrative support for all transaction processing issues
- Better-than-Bank merchant account services

“PPI continues to be a dominant force in the restaurant sector, providing both RPOWER and its dealers with all the support that's necessary for their customers to reap the full benefits of an integrated payment processing solution,” says Chuck Riegel, executive vice president, software products and partnerships at PPI. “Application developers such as RPOWER are able to leverage the distinct marketplace advantages that are inherent with every PPI partnership as they provide customers with an exceptional payment solution and strengthen customer loyalty.”

About Payment Processing, Inc.

Payment Processing, Inc. (PPI) is the industry leader for integrated payment solutions. PPI provides software developers with a full range of services for integrating electronic credit and debit card payments, including gateway services, integration support, merchant

support and services and PABP/PCI security assistance. Additionally, PPI provides software developers with the ability to generate additional revenue while substantially reducing their support costs for integrated payments. Today, PPI is the most successful company in the world focused on integrating payment processing, supporting nearly 700 active partners and more than 25,000 merchants with efficient, cost-effective payment solutions. In 2007, PPI processed in excess of \$4.1 billion in Visa® and MasterCard® payments. For more information, visit www.paypros.com.

About RPOWER

RPOWER Restaurant POS was introduced in 1992 and has been expanding its functionality and customer base ever since. RPOWER delivers the point-of-sale tools needed to minimize costs, maximize profits, and efficiently manage restaurant establishments. Whether for a multi-store chain or a privately owned site, specifically targeted features for fine dining, delivery, night clubs, quick service and cafeterias are all available within the RPOWER system. For more information, visit www.rpower.com.
