PPI and STORIS Partner to Provide Big Ticket Retailers with a Powerful and Affordable Integrated Payment Solution

*New Partnership to Integrate PPI PayMover® Payment Processing Platform
with STORIS' Vision R8 Business Applications*

Newark, CA – May 29, 2008 -- Payment Processing, Inc. (PPI), the industry leader for integrated payment solutions, today announced a partnership with STORIS Management Systems, a leading supplier of Retail Solutions and Services for big ticket retailers. Under the partnership, PPI will integrate the PPI PayMover gateway with STORIS' Vision R8 enterprise systems to provide retailers with a comprehensive transaction processing solution.

STORIS' Vision R8 provides the most comprehensive family of adaptive business applications for retailers. The foundation of Vision R8 is a real-time system that integrates all the essential aspects of retail operations: Point of Sale, Supply Chain Management, Business Intelligence, InTouch CRM, Financial Management, eCommerce, and much more.

“As a best-of-breed provider of integrated payments solutions, it is only natural for PPI to team with other quality providers such as STORIS,” said Chuck Riegel, executive vice president, software products and partnerships at PPI. “Partnering with STORIS enables PPI to provide our integrated payments technology to POS retailers that demand solutions that can immediately and positively impact the bottom-line.”

“As payment types continue to multiply, our customers will continue to require integrated payment processing solutions,” said David Berger, director of product management for STORIS. “STORIS is tremendously pleased to partner with PPI, a company with years of industry experience and one that has helped us develop and support a robust solution for our customers.”

PPI's comprehensive solutions are developed and supported completely in-house by technology experts, resulting in a unique 360-degree view of the entire payment transaction. Each solution includes all of the critical products and services that define a successful integrated payment solution:

- Free, feature-rich, fast and dependable PPI PayMover gateway technology with transaction processing that is seamless, and secure
- Free developer kit and integration/certification services
- Free PADSS/PCI validation services
- Dedicated account managers for developers and their resellers

- Aggressive revenue sharing program
- Marketing services to promote the integrated solution to customers
- Free, unlimited 24/7/365 technical and merchant account support from experts familiar with the specific solution.
